

SPRAGUE SECURES OPTION ON LINDSEY 5,000 ACRES

Charels S. Sprague of Goldfield, who was in this city several days during the earlier portion of the week, has secured an option upon the Lindsey tract of 5,000 acres lying east of this city and better known as the "Winterwood Ranch." Included in the option is the Sund well and a section of land west of town also belonging to Mr. Lindsey of Los Angeles.

Mr. Sprague is not yet ready to announce his plans with regard to the property, but it is believed that his activity will lead to developments which will materially advance this section.
