

## FORMER RENO MAN BECOMES ACTIVE HERE

---

Mr. L. L. Gilcrease, formerly of Reno, where he had the agency for Hudson, Maxwell and other cars, is becoming quite active in ranching development since coming to Las Vegas.

He has recently purchased the Reese Morgan ranch near Tule Spring, and has also taken up land under the Pittman Act, the claim adjoining the famous McGriff ranch on the south.

Mr. Gilcrease has shipped in a carload of furniture and farm machinery. Included in the equipment is a Holt Caterpillar, 45 h. p., with which he is now building a reservoir for John L. Russell. This will be of sufficient size to enable Mr. Russell to irrigate 100 acres of land in addition to that already under cultivation.
