

GILCHRIST RANCH HOUSE DESTROYED BY FIRE

Mr. and Mrs. Gilchrist who recently bought the Morgan ranch at Tule underwent a very sorrowful experience a few days since. They were out on the ranch some distance from the house when they saw smoke issuing from it. They ran to their car and made a dash for their home only to find it enveloped with flames. The entire contents of the home were destroyed. The furniture was valuable and included a baby grand piano, fine table linen which was purchased abroad, and all their clothing and personal effects. Mr and Mrs. Gilchrist are new comers among us.
